EUYPTIAN HISTORY. The history of Egypt, although we have long lists of consecutive Phamohs, and though some portions of it stand out with surprising clearness, is broken by serious gaps which have not yet been bridged over. The greatest wall in the world is the It is true that there is a papyrus composed about 1300 B, C., of which so much is de- the Tain dynasty, about 220 B. C., as a procipherable as to show that it is a carefully tection against Tartars. It traverses the compiled chronicle of the country from the northern boundary of China, and is carried supposed creation of the world according to Egyptian notions up to that date; but valleys, across rivers and every other natit is so torn and worn as to be historically ural obstacle. Its length is 1,250 miles, inalmost uscless. We learn, however, from cluding a parapet of 5 feet, the total beight other sources, much about a succession of of the wall is 20 feet; thickness at the base, ancient dynasties, during the earliest of 25 feet, and at the top, 15 feet. Towers or which wars were carried on with the Be- bastions occur at intervals of about one hundonin in the east and Libyans in the west, dred yards. and much devotion was shown in the conance of conscript negroes brought down bugle call until it seems to be sounded from the Nile in large transport ships. Then a hundred instruments, and that on the come blanks in which national calamities banks of the Naha, between Bingen and are marked by cessation in the building of Coblentz, which repeats a sound seventeen temples and in the engraving of contemporary history, for the Egyptian never liked to echo known is that in the Castle of Simon-Then the Theban dynasty arose, and Egypt arose with it. Former defeats were avenged, more temples and pyrantids were built, agriculture was revived, and order re-established. This period was broken by the ar- maelstrom, of the northwest coast of Norrival of the famous Shepherd Kings, but way and southwest of Moskensesol, the most whence they came no one can readily de- southerly of the Lofoden Isles. It was termine. We know, however, that in the once supposed to be unfathomable, but its main they accepted the civilization which depth has shown not to exceed twenty they found. BIGGEST THINGS ON BARTH.

The highest range of mountains is the Round. Himalayas, the mean elevation being estimated at from 16,000 to 18,000 feet. The largest city in the world is London. Its population numbers 3,020,871 souls. New York, with a population of about 1,-250,000, comes fifth in the list of great

The largest theatre is the New Opera House in Paris. It covers nearly three acres of ground. Its cubit mass is 4,287,000 feet. It cost about 100,000,000 francs. The largest suspension bridge will be the one now building between New York and

Brooklyn. The length of the main is 1,595 feet six inches; the entire length of the bridge 5,989 feet. The largest island in the world, which is

also regarded as a continent, is Australia. It is 2,500 miles in length from east to west, and measures 1,950 milas from north to south. Its area is 2,984,287 square miles. The longest span of wire in the world is used for a telegraph in India over the river

grum. It is more than 6,000 feet long, and is stretched between two hills, each of which is 1,200 feet high. The largest ship in the world is the Great Eastern. She is 680 feet long, 83 feet broad and 60 feet deep, being 22,927 tons builder's, 18,915 gross and 13,344 net reg-

leter. She was built at Millwall, on the Thames, and was launched January 31, The largest university is Oxford in England, in the city of the same name, fifty-five miles from London. It consists of twentyone colleges and five halls. Oxford was a seat of learning as early as the time of Ed-

ward the Confessor. University College claims to have been founded by Alfred. The largest body of fresh water on the globe is Lake Superior, 400 miles long, 160 miles wide at its greatest breadth, and having an area of 32,000 square miles. Its mean depth is said to be 200 and its greatest depth about 900 fathoms. Its surface is

about 635 feet above the level of the sea. The most extensive park is Deer Park, in the environs of Copenhagen, in Denmark. The inclosure contains about 4,200 acres, and is divided by a small river. The largest pleasure ground in this country, and one of the largest in the world, is Fairmount Park, Philadelphia, Which contains 2,740

The biggest cavern is the Mammoth Cave, in Edmondson county, Ky. It is near Green River, six miles from Cave City, and about twenty-eight miles from Bowling Green. The cave consists of a succession of irregular chambers, some of which are large, situated on different levels. Some of these are traversed by navigable branches of the subterranean Echo River. Blind fish

are found in its waters. The biggest trees in the world are the mammoth trees of California. One of a grove in Tulare county, according to measurement made by members of the State Geological Survey, was shown to be 276 feet high, 106 feet in circumference at base,

and 76 feet at a point 12 feet above the ground. Some of the trees are 376 feet high and 34 feet in diameter. Some of the largest that have been felled indicate an age of from 2,000 to 2,500 years.

Chinese wall, built by the first Emperor of over the highest hills, through the deepest

Among the most remarkable natural times. The most remarkable artificial etta, about two miles from Milan. It is occasioned by the existence of two parallel walls of considerable length. It repeats the report of a pistol sixty times.

The most remarkable whiripool is the Then Egypt had a fresh Theban revival. fury and becomes extremely dangerous. We find her turning the tables on other Under strong gales the maeistrom has been countries, and from having been invaded shown by official statistics to run at the rate becoming an invader. Her galleys were to of twenty-six miles an hour.

The largest library is the Bibliothique

In Elizabethan times one Mark Scaliot constructed a lock of eleven pieces of iron, Marolus whoever he was had one of these miniature wonders in his possession, and was very proud of it. All the Year 92 Park Place, Newark, N. J.
